

May 5th-8th

Maths Week 3

Active Home Week- Maths

1 Active Warm up activity

2 Daily Tasks

Problem of the Day.

*Get exploring outside for our
Maths Trail on Friday!*

**Our Maths book (Busy at Maths) and Games available at
<https://my.cjfallon.ie/dashboard/student-resources>*

*Do 15 jumping jacks!
Count forwards from 1-15
as you do them.*

*Pick your own
exercise! Do it for 20
seconds. Make sure
to count!*

*Hop on one foot 10
times.
Count backwards
from 10-0*

*If you have a
skipping rope, count
how many you can
do without stopping!*

Active Warm up!

*How many times can
you throw a ball in
the air and catch it?*

*Make the number 1 with your body. Can
you make any other numbers?
Use some cushions or your toys to help form
the number.*

Get someone to take a picture!

Monday

No schoolwork today!!

Tuesday

Washing Line Missing Numbers

visit [twinkl.com](https://www.twinkl.com)

What numbers are missing from the clothes on the washing line?

Tuesday

Try these in your copy!

| | |
|-----------|-----------|
| $3 + 5 =$ | $9 + 0 =$ |
| $6 + 3 =$ | $2 + 7 =$ |
| $5 + 2 =$ | $2 + 6 =$ |

*Draw pictures or dots
beneath to help you!*

*Use your fingers
or count on in
your head!*

*You could make your own
number line!*

Try activities 56/56A for some extra practise!
<http://data.cjfallon.ie/resources/19602/activity-56/index.html>

Our first problem of the week!

*There are 5 children in the
PE hall. There are 3 boys
and the rest are girls.*

How many girls are there?

**Remember to draw pictures to
help you!*

Wednesday

*What day is today?
What day will tomorrow be?
What day was yesterday?*

*Can you name all of the
days of the week in the
correct order?*

*Do you remember our
song from last week?*
<https://www.youtube.com/watch?v=36n93jvjkDs>

Length

*Find something longer than
your arm.*

*Find something shorter than
your arm.*

*Find some of these objects in your house
(spoon, pencil, markers, straw).*

*Put them in order from longest to
shortest.*

Which is the shortest?

Which is the longest?

Try activities 18/18A

<http://data.cjfallon.ie/resources/19602/activity-18/index.html>

Problem of the day

There are 5 blue cars in the car park and 4 black cars.

How many cars are in the carpark altogether?

If one drives away, how many are left?

Thursday

Look at picture b, what's happening??

*How do we know Tina is going to win the race?
If she wins she gets _____ place.*

What place will the other boys and girls come?

Picture C

*How many children are in the egg and spoon race?
Who is going to come first in the egg and spoon race?
Who will come second?
Where will Ali place in the race?*

Draw some snakes like these on a piece of paper. Make them whatever length you want!

Colour the **longest** snake **green**.

Colour the **shortest** snake **orange**.

If you have a scissors you could cut them out and put them in order from longest to shortest! (with some help from an adult).

Can you solve today's problem?

Tom scores 2 goals in his football match. His friend Paul scores 4. Who scored more goals, Tom or Paul?

How many goals were scored altogether?

Friday

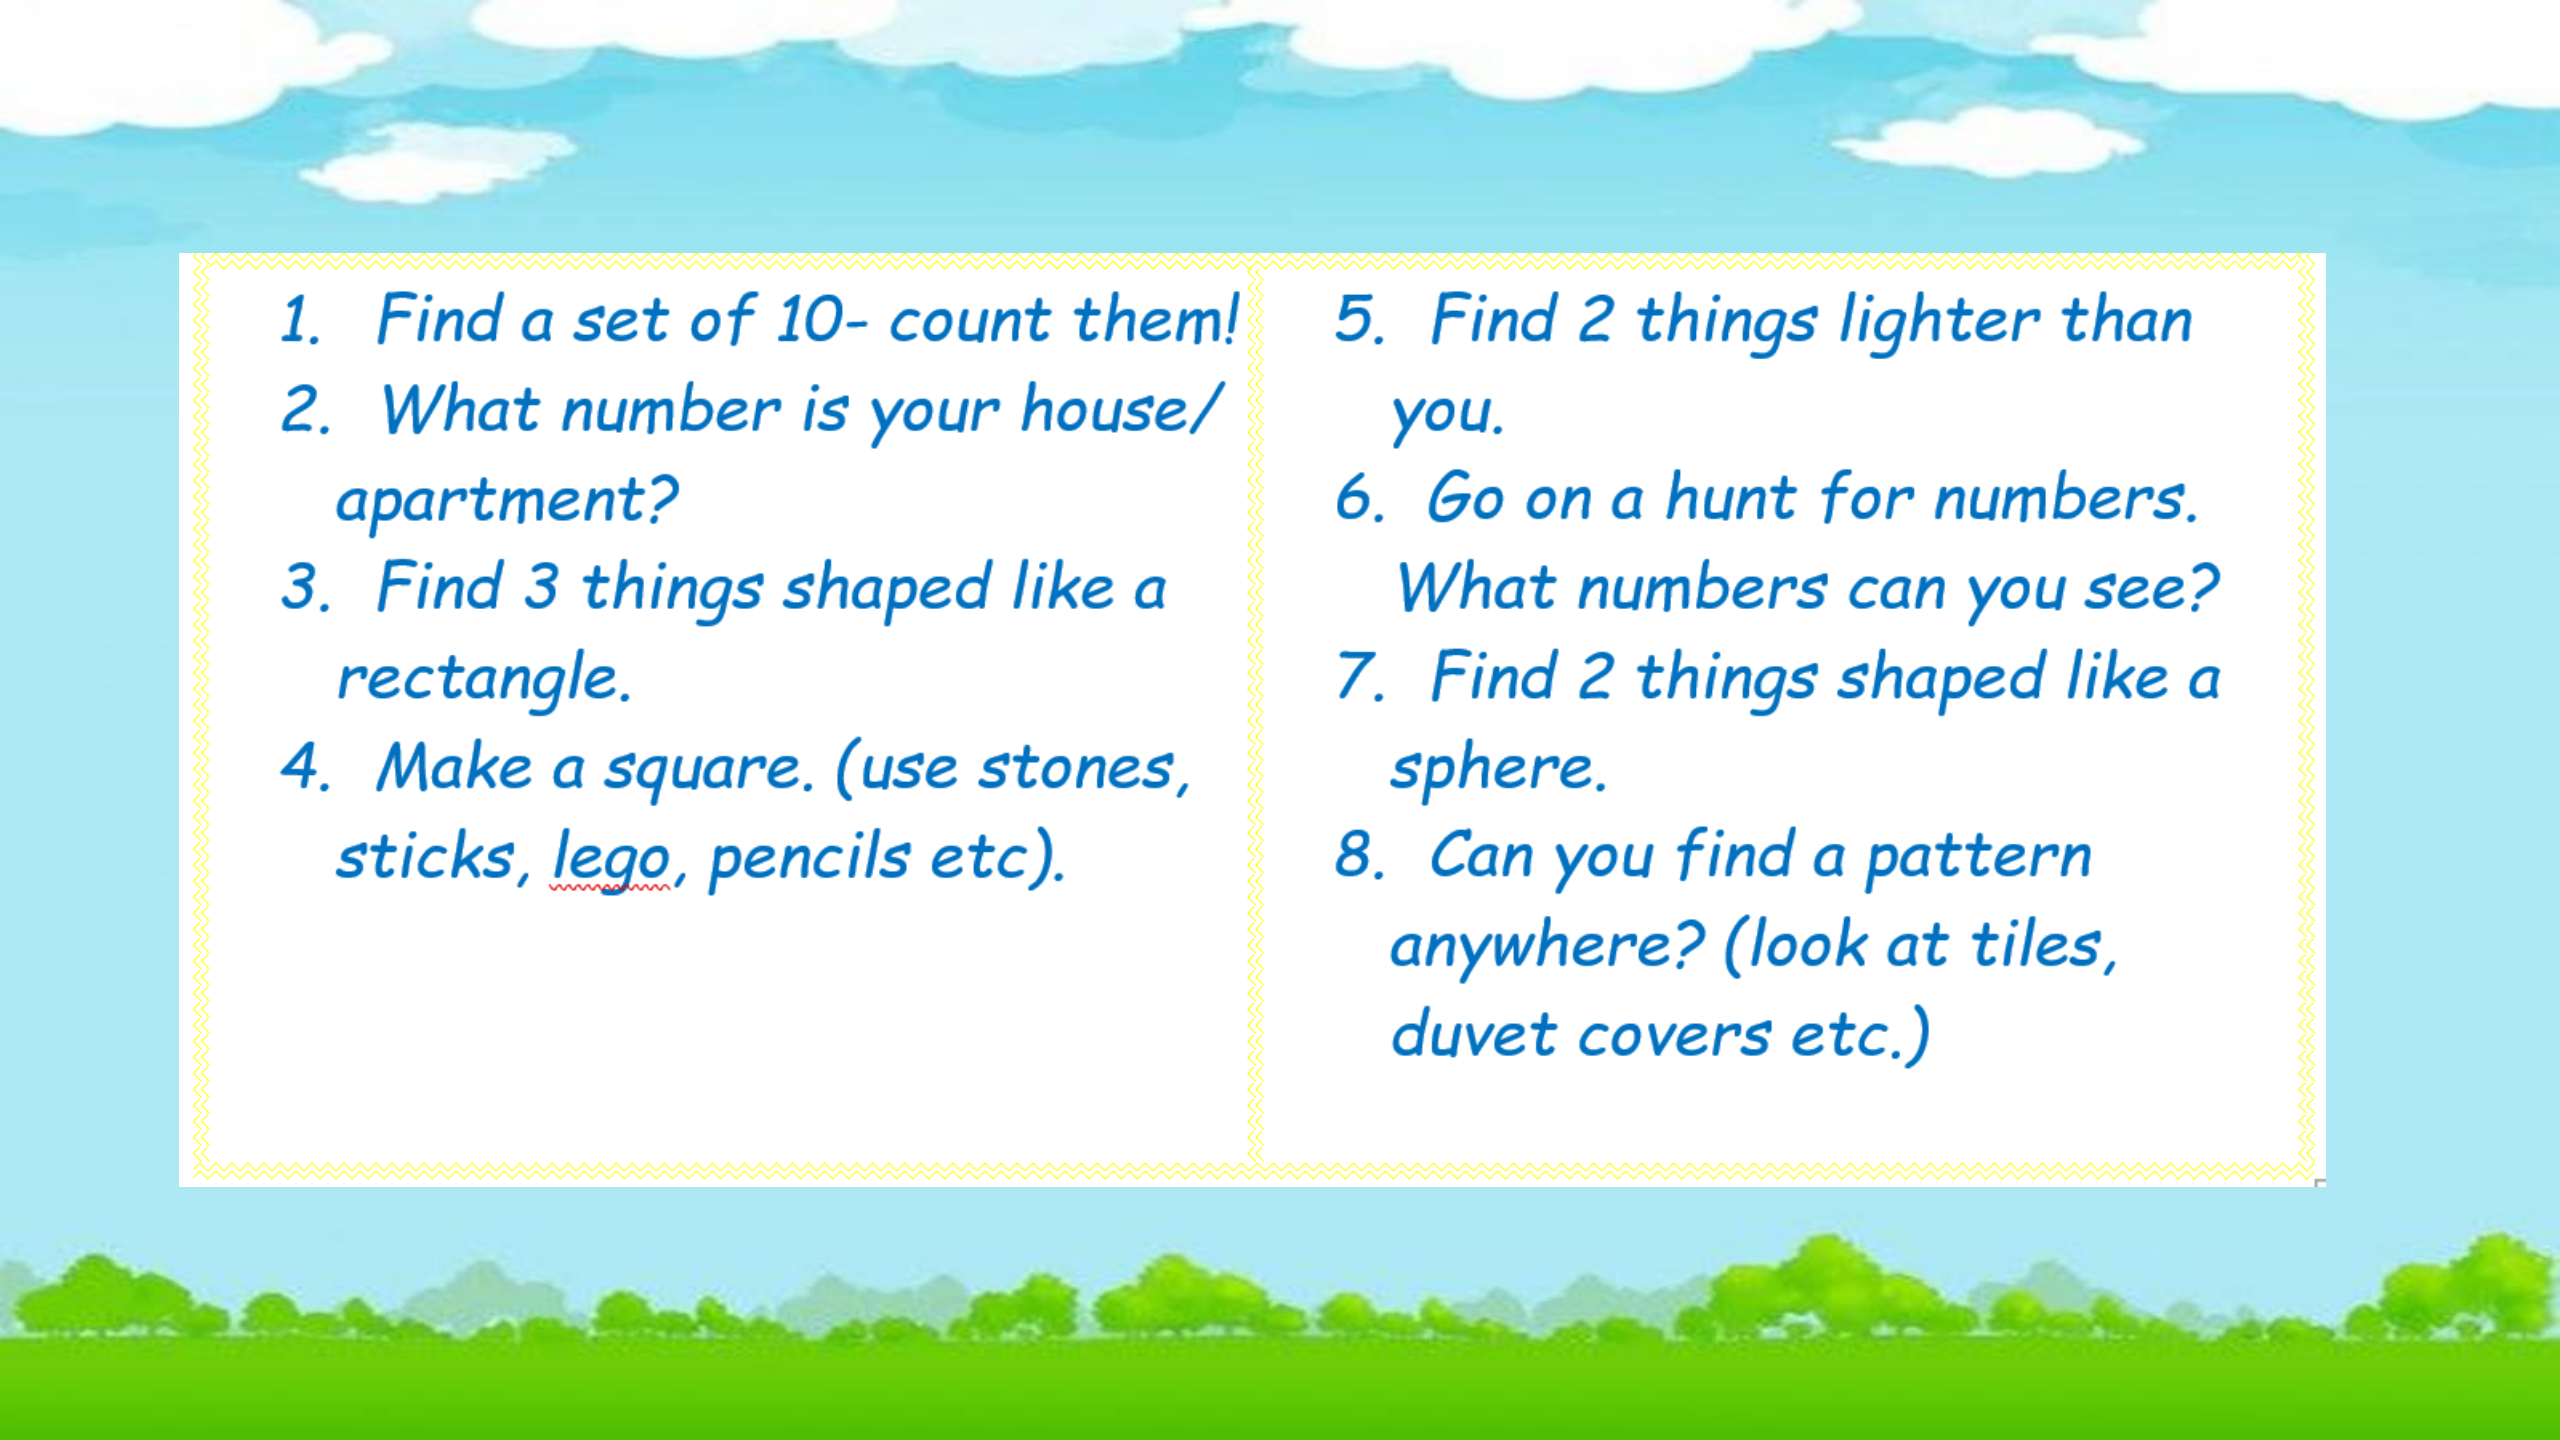

See how long it takes you to complete our Maths Trail.

To end Active Home Week we want you to get your Maths eyes on and get exploring!

This can be completed in your house or outside.

If you have an adult helping you, you could ask them to take some pictures along the way!

Most importantly, have fun!

- 
1. Find a set of 10- count them!
 2. What number is your house/ apartment?
 3. Find 3 things shaped like a rectangle.
 4. Make a square. (use stones, sticks, lego, pencils etc).

5. Find 2 things lighter than you.
6. Go on a hunt for numbers. What numbers can you see?
7. Find 2 things shaped like a sphere.
8. Can you find a pattern anywhere? (look at tiles, duvet covers etc.)

Great job!
Enjoy your weekend.
